

## **Job Description: Mathematics Teacher**

Regina Junior-Senior High School, an award-winning Catholic school with an international reputation for providing a rigorous curriculum and educating tomorrow's leaders, is seeking a full-time secondary Mathematics instructor for the 2010-2011 academic year. The instructor will be assigned various courses in the secondary Math curriculum. Regina has outstanding community support and students who are motivated and respectful.

Regina is seeking candidates who:

1. Successfully meet the eight Iowa Teaching Standards and criteria.
2. Possess outstanding content knowledge
3. Embrace the use of technology to enhance student achievement.
4. Support the school's mission and vision.
5. Use data effectively to inform instruction and assess student achievement.
6. Participate fully in staff development.
7. Use the school's data management system to record assignments and grades.
8. Hold a current Iowa Teaching Certificate or are eligible to meet requirements for licensure.

Candidates with successful teaching experience and a willingness to accept extra responsibilities preferred.

Activity sponsorships are available but are not required.

Please send completed application, letter of interest, resume, three reference letters and credentials. The employment application may be found on Regina's Web site, [http://www.icregina.com/administration.php?page\\_id=Job\\_Announcements](http://www.icregina.com/administration.php?page_id=Job_Announcements)
