INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Catholic Foundation for the
Diocese of Davenport
Davenport, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the Catholic Foundation for the Diocese of Davenport, which comprise the balance sheets as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Catholic Foundation for the Diocese of Davenport as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CATHOLIC FOUNDATION FOR THE DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 1. Nature of the Organization and Summary of Significant Accounting Policies

Nature of the Organization – Catholic Foundation for the Diocese of Davenport (Foundation) was incorporated on February 10, 2009, and is a not-for-profit foundation established to promote the strength and growth of the Diocese of Davenport and its affiliated entities. This financial report includes all known funds and all known major assets and liabilities of the Catholic Foundation for the Diocese of Davenport.

A summary of the Organization’s significant accounting policies follows:

The financial statements of the Foundation have been prepared in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events – In accordance with the Subsequent Events Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification, in preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through September 24, 2015, the date the financial statements were available to be issued.

Net Assets – The Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The three classes are based on the presence or absence of donor-imposed restrictions. Temporarily restricted net assets include net assets restricted by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained in perpetuity. The Foundation had no permanently restricted net assets as of June 30, 2015 and 2014.

Cash and Cash Equivalents – The Foundation considers highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Investments – For alternative investments where the quoted market value of investments may not be available, fair values are based on information provided by the fund manager, which includes quoted fair values when available and estimates of fair value of investments that are not readily ascertainable.

Gains and losses on sale of investments are determined by the specific-identification method.

Investment income is reported on the statement of activities net of fees. The Foundation estimated that fees on all investments were approximately \$104,000 and \$93,000 for the years ended June 30, 2015 and 2014, respectively. Total fees charged on alternative investments were not disclosed by the fund managers and were estimated by management. Fund managers only disclose the average expense ratio by fund for the period.

Contributions Receivable and Revenue – The Foundation records contributions (including promises to give) when the contributions are deemed unconditional. Unconditional promises related to the Foundation’s capital campaign are included in the financial statements as contributions receivable and contributions revenue by the appropriate net asset category. Contributions are reflected in the financial statements at the earlier of the transfer of assets or at the time the unconditional promises to give are made. Pledges, bequests, and other promises to give that are to be received within a one-year period have not been discounted to reflect the present value of the future cash flows. Contributions which are material and are to be received in excess of one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on contributions.

CATHOLIC FOUNDATION FOR THE DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 1. Nature of the Organization and Summary of Significant Accounting Policies (Continued)

An allowance for uncollectible contributions receivable is provided based on management's judgment including such factors as collection history of the Foundation and industry, type of contribution, and nature of fundraising activity. Management periodically evaluates individual contributions receivable for collectability. Contributions written off as uncollectible totaled \$110,464 and \$218,468 for the years ended June 30, 2015 and 2014, respectively.

The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Conditional promises to give, where the donor has placed a condition on the gift that the ultimate transfer of assets or promises to give is contingent on a future and uncertain event, are not recorded as contributions until the condition is met. There are approximately \$26,350 and \$44,150 of conditional promises to give as of June 30, 2015 and 2014.

Contributions Payable – Contributions payable, including payable to parishes, are charged to operations and recognized as liabilities when authorized by the Board of Directors, regardless of the year in which they are paid.

Functional Expenses – The costs of providing contributions and other activities have been summarized on a functional basis in the statements of activities. Directly identifiable expenses are charged to programs and supporting services. Management and general expenses include those expenses that are not directly identifiable with any other specific function, but provide overall support and direction of the Foundation. Fundraising expenses include those expenses that are directly identifiable to the solicitation of contributions.

Income Tax – The Internal Revenue Service has recognized the Foundation as exempt from income taxes under Internal Revenue Code Section 501(c)(3). With few exceptions, the Foundation is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2012.

In accordance with the Income Taxes Topic of the FASB Accounting Standards Codification, management evaluated the Foundation's tax positions and concluded that the Foundation had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 2. Investments and Fair Value Measurements

Alternative investments are investments not listed on national exchanges or over-the-counter markets, or for which quoted market prices are not available from sources such as financial publications. Alternative investments may be structured as limited partnerships, limited liability corporations, trusts, or corporations.

The investments of the Foundation are exposed to various risks such as interest rate, market, and credit due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments. It is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

CATHOLIC FOUNDATION FOR THE DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 2. Investments and Fair Value Measurements (Continued)

The Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The fair value hierarchy set forth in the topic is as follows:

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Foundation has the ability to access as of the measurement date.
- Level 2 - Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data. Investments measured using the practical expedient that do not have significant redemption restrictions, lock-up periods, gates, or other characteristics that would cause report and liquidation date net asset value (NAV) to be significantly different, if redemption were requested at the report date.
- Level 3 - Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

A description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below.

If quoted market prices are not available, then fair values are estimated by the Foundation's investment manager using pricing models, quoted prices of securities with similar characteristics, audited financial statements of the funds, or discounted cash flow. The Foundation's level 2 securities are funds where the value is based on net asset value provided by the investment manager.

CATHOLIC FOUNDATION FOR THE DIOCESE OF DAVENPORT
Notes to Financial Statements

Note 7. Related Party Transactions

The Diocese of Davenport has an agreement with the Foundation to provide the services of the Finance Department including the processing of pledges, pledge payments, pledge reminders, preparing financial reports for board meetings, and assistance with the financial audit. The Foundation pays the Diocese once a year for the percentage of the time the Finance employees spend on the Foundation work valued at salary plus estimated benefits. The costs incurred with the Diocese for the years ended June 30, 2015 and 2014 were \$63,833 and \$68,124, respectively.

The Foundation made contributions in accordance with the campaign case statement based on their investment and spending policies. Contributions to the Diocese of Davenport totaled \$268,871 and \$213,668 for the years ended June 30, 2015 and 2014, respectively. Amounts due to the Diocese of Davenport were \$268,871 and \$217,601 as of June 30, 2015 and 2014, respectively. Contributions to the Catholic Schools of the Diocese of Davenport totaled \$62,203 and \$48,560 for the years ended June 30, 2015 and 2014, respectively. Contributions due to the Catholic Schools of the Diocese of Davenport were \$62,203 and \$48,560 as of June 30, 2015 and 2014, respectively.

Under the campaign policies, a parish is entitled to receive 20% of the cash received from its parishioners as part of the capital campaign. If the cash received exceeds the parish's goal under the capital campaign, the parish is entitled to receive 50% of the cash received from its parishioners in excess of the parish's goal. Payments will be made to the parishes on a semiannual basis. As of June 30, 2015 and 2014, the Foundation has a payable to parishes of \$76,604 and \$199,415, respectively. Parish sharing under the campaign policies were \$257,948 and \$441,635 for the years ended June 30, 2015 and 2014, respectively.

The contributions receivable from members of the Foundation board and Foundation management as of June 30, 2015 and 2014 are approximately \$1,000 and \$5,400, respectively.

Note 8. Concentration of Credit Risk

The Foundation routinely invests its stock gifts in money market funds with Edward Jones. Money market funds are not insured or guaranteed by the U.S. government; however, management believes that credit risk related to these funds is minimal.
